A Note of Madness is a gripping look into what it's like to struggle with mental illness, particularly as a creative person. I really sympathized with Flynn, the protagonist, as he deals with the pressure of being a piano prodigy and the ensuing spiral of depression he goes through when he feels like he's not good enough.

A Note of Madness (Flynn Laukonen, #1) by Tabitha Suzuma

A Note Of Madness is a beautifully written story of a young classical pianist named Flynn, struggling to stay sane under the pressure of becoming a performing artist. Though Flynn is a fictional character, the way he is losing his mind and trying to cope with the escaping reality is described with such a realistic detail and powerful emotional input that he becomes very close to you.

Life as a student is good for Flynn. As one of the top pianists at the Royal College of Music, he has been put forward for an important concert, the opportunity of a lifetime. But beneath the surface, things are changing. On a good day he feels full of energy and life, but on a bad day being alive is worse than being dead. Sometimes he wants to compose and practise all night, at other times he can't get out of bed. His flatmate Harry tries to understand but is increasingly confused by Flynn's erratic mood swings. His friend Jennah tries to help, but Flynn finds it difficult to be around her as he struggles to control his feelings and behaviour. With the pressure of the forthcoming concert and the growing concern of his family and friends, emotions come to a head. Sometimes things can only get worse before they get better.

In his final year at the Royal College of Music, star pianist Flynn Laukonen has the world at his feet. He has moved in with his girlfriend Jennah and is already getting concert bookings for what promises to be a glittering career. Yet he knows he is skating on thin ice - only two small pills a day keep him from plunging back into the whirlpool of manic depression that once threatened to destroy him. Unexpectedly his friends seem to be getting annoyed with him for no apparent reason, he needs less and less sleep, he is filled with unbridled energy. Events begin to spiral out of control and Flynn suddenly finds himself in hospital, heavily sedated, carnage left behind him. The medication isn't working any more, the dose needs to be increased, and depression strikes again, this time with horrific consequences. His freedom is snatched away and the medicine's side-effects threaten to jeopardize his chances in one of the biggest piano competitions of his life. It seems like he has to make a choice between the medication and his career. But in all this he has forgotten the one person he would give his life for, and Flynn suddenly finds himself facing the biggest sacrifice of all.

Winner of a "Discovery"/The Nation Award Winner of the 1999 PEN/Joyce Osterweil Award for Poetry Some Ether is one of the more remarkable debut collections of poetry to appear in America in recent memory. As Mark Doty has noted, "these poems are more than testimony; in lyrics of ringing clarity and strange precision, Flynn conjures a will to survive, the buoyant motion toward love which is sometimes all that saves us. Some Ether resonates in the imagination long after the final poem; this is a startling, moving debut."

#1 NEW YORK TIMES BESTSELLER The stunning debut novel from one of the most creative artists of our generation, Bobby Hall, a.k.a. Supermarket is like Naked Lunch meets One Flew Over the Cuckoo's Nest. **I** If they met at Fight Club. **I** Ernest Cline, #1 New York Times bestselling author of Ready Player One Flynn is stuck/depressed, recently dumped, and living at his mom's house. The supermarket was supposed to change all that. An ordinary job and a steady check. Work isn't work when it's saving you from yourself. But things aren't quite as they seem in these aisles. Arriving to work one day to a crime scene, Flynn's world collapses as the secrets of his tortured mind are revealed. And Flynn doesn't want to go looking for answers at the supermarket. Because something there seems to be looking for him. A darkly funny psychological thriller. Supermarket is a gripping exploration into madness and creativity. Who knew you could find sex, drugs, and murder all in aisle nine?

When Laura Flynn was a little girl, her beautiful, dynamic mother, Sally, was the center of her imagination. It wasn't long, however, before Sally's fun-loving side slowly and methodically became absorbed by madness. As Laura's parents divorced and her father struggled to gain custody, Sally's symptoms bloomed in earnest while Laura and her sisters united in flights of fancy of the sort their mother taught them so that they might deflect the danger threatening their fragile family. Set in 1970s San Francisco, Swallow the Ocean is redolent with place. In luminous prose, this memoir paints a most intimate portrait of what might have been a catastrophic childhood had Laura and her sisters not been resilient and determined enough to survive their environment even as they yearned to escape it.
