Experience audio excellence with Bowers & Wilkins award winning wireless speakers, headphones, hi-fi systems, home theatre speakers and more

Bowers & Wilkins | Audio Excellence

In all fairness, the B&W DM12 and KEF 103.2 are not the same size, and, of course, the cabinet size has impact on the sonic qualities of all speakers. That being considered, the B&W DM12 is an excellent mid-sized bookshelf speaker and fully-worthy of consideration if you ever get the chance to purchase a pair.

British outfit Bowers & Wilkins has made some of the best hi-fi speakers to ever grace our testing rooms. Founded in 1966 by John Bower in the workshop of his electronics shop in Worthing, West Sussex, the firm has long been synonymous with sonically impressive, design-led speakers. So what should you look for when choosing B&W speakers?

Bowers and Wilkins DM14 used state of the art materials and design to develop the ideal 1980s speaker. The DM14 is a somewhat heavy speaker for its 28ltr casing (18.5 kg) but it's still very usable as a shelf speaker. This set is mounted on stands that can be disassembled. It's compact enough for a smaller room, and

Bowers & Wilkins, or B&W, is a British company that
produces audio equipment, most notably loudspeakers.
B&W was founded in 1966 by John Bowers at
Worthing, West Sussex, England. Currently, B&W,

Where To Download Bowers Wilkins B W Dm 580 Service Manual

while still based in Worthing, is part of the B&W Group Ltd., which also includes distribution agreements with audio equipment manufacturer Rotel. It is owned by a company called Eva automation B&W previously offered a range of electronics, such as amplifiers, under the Aura brand, but it was discontinued
