C B Fry An English Hero - static-atcloud.com

Charles Burgess Fry, known as C. B. Fry (25 April 1872 à € ª 7 September 1956), was an English polymath; an outstanding sportsman, politician, diplomat, academic, teacher, writer, editor and publisher, who is best remembered for his career as a cricketer.

C.B. Fry was Captain of England at cricket, played football for England and became the joint-holder of the world long-jump record. But he was much more than a sportsman. He won a major scholarship to Oxford, where his friends numbered Max Beerbohm, Hilaire Belloc and F.E. Smith and his nicknames included Lord Oxford and Almighty. He wrote several books, including an autobiography and a novel, while he was one of the most successful journalists of his day. He was a friend of many prominent Labour and Liberal politicians, but flirted with Fascism, meeting Hitler in 1934. He tried out for Hollywood, represented India at the League of Nations, and stood for Parliament three times.

Charles Burgess Fry, known as C. B. Fry was an English polymath; an outstanding sportsman, politician, diplomat, academic, teacher, writer, editor and publisher, who is best remembered for his career as a cricketer. Fry's achievements on the sporting field included representing England at both cricket and football, an FA Cup Final appearance for Southampton F.C. and equalling the then world record for the long jump. But he was much more than a sportsman. He won a major scholarship to Oxford, where his friends numbered Max Beerbohm, Hilaire Belloc, and F.E. Smith. He wrote several books, including an autobiography and a novel, and he was one of the most successful journalists of his day. He was a friend of many prominent Labour and Liberal politicians, but flirted with Fascism, meeting Hitler in 1934. He tried out for Hollywood, represented India at the League of Nations, and stood for Parliament three times. "A most incredible man ... the most variously gifted Englishman of any age. . . . the pre-eminent all-rounder, not merely of his own age but, so far as is measurable, of all English history." John Arlott: "This is a well-researched, well-rounded picture of one of England's great sporting heroes." - Jeremy Paxman, Mail on Sunday; "He has written what should come to be regarded as one of the very best sporting biographies. I could not put it down." - Michael Kennedy, Sunday Telegraph; "This is a book that rises to its subject's level in fascination, entertainment and brilliance." - Tim Rice, Literary Review

Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain. It lists all secondary source material including reference works, in a classified order to meet the needs of the sports historian.

To many, English immigrants contributed nothing substantial to the varied palette of ethnicity in North America. While there is wide recognition of German American, French American, African American, and Native American cultures, discussion of English Americans as a distinct ethnic group is rare. Yet the historians writing in English Ethnicity and Culture in North America show that the English were clearly immigrants too in a strange land, adding their own hues to the American and Canadian characters. In this collection, editor David T. Gleason and other contributors explore some of the continued links between England, its people, and its culture with North America in the nineteenth and twentieth centuries. These essays challenge the established view of the English having no "ethnicity," highlighting the vibrancy of the English and their culture in North America. The selections also challenge the prevailing notion of the English as "invisible immigrants." Recognizing the English as a distinct ethnic group, similar to the Irish, Scots, and Germans, also has implications for understanding American identity by providing a clearer picture of how Americans often have defined themselves in the context of Old World cultural traditions. Several contributors to English Ethnicity and Culture in North America track the English in North America from Episcopal pulpits to cricket fields and dance floors. For example Donald M. MacRaild and Tanja Bueltmann explore the role of St. George societies before and after the American Revolution in asserting a separate English identity across class boundaries. In addition Kathryn Lamontagne looks at English ethnicity in the working-class culture and labor union activities of workers in Fall River, Massachusetts. Ultimately all the work included here challenges the idea of a coherent, comfortable Anglo-cultural mainstream and indicates the fluid and adaptable nature of what it meant and means to be English in North America.

This book examines the phenomena which explain the boom in sport among the middle classes in late Victorian England. The author focuses on the extent to which sport became an agent of the development of the middle classes and an instrument of their self-definition. The book does not set out to explain the making of the English middle classes; rather, it examines a significant part of that making. This work shows the importance of analysing the "low" politics of areas that have traditionally been dominated by "high" politics. The role of bodies such as the Liberal Summer School and the Women's Liberal Federation are examined, along with the work of thinkers such as JM Keynes. Buruma's prismatic, fascinating first novel is a portrait of Ranji, the cricket player who was "not simply the greatest cricketer of all time, but a fairy tale prince . . . so famous that children sang songs about him, and grown men wept when they saw him play." Buruma weaves the adventures of an unnamed narrator together with a (fictional) undiscovered memoir of Ranji to create a witty and reverbatory meditation on England, India and the post-colonial sense of self.
