They attach beneath your lift using bungee cords that reach up along the sides. Install by laying out the diaper on open ground with the pad side facing up. Then slowly drive your lift over the diaper and park it so that the diaper is centered beneath it and between the tires. Attached the diaper's bungee cords to all four sides of the lift.

The Poolpod is a submersible platform lift which enables disabled people or people with restricted mobility to safely access public swimming pools in a dignified manner. The pool lift was developed for the 2012 Olympic Delivery Authority with financial support from the London Marathon trust and has been designed to help any swimmer who finds using a pool ladder or steps difficult.
