I have some 900 parameters for the fanuc of controller. My 900 parameters are vissable,and when i set my pwe to write anable i can write in my parameters. but when i want to write a specifit bit of a 900 parameter i can only writy the last 2 bits. For example. to change parameter 940 from 00000000 to 10000000, this wil work.
