Financial Accounting Jamie Pratt Solutions Manual

Financial Accounting in an Economic Context has become an important part of the curriculum in many MBA programs. Grounded in financial statements, Pratt's Financial Accounting helps students see the impact of transactions on overall business decisions. The text enables MBA students to become effective managers and decision-makers by encouraging them to develop a conceptual understanding of the impact that economic events have on a business.

Financial Accounting: In an
Economic Context

Financial Accounting, 10 th
Edition, by Jamie Pratt and Michael
Peters, provides students with a
clear understanding of financial
accounting by framing accounting
processes in the context of real
world business practices. It builds
solid foundations in the mechanics
of preparing the financial
statements and the theories
underlying the accounting
measures of performance so that
students can clearly understand
the economic consequences
associated with financial
accounting choices.
