The ride I had on the Kymco Bet & Win scooter was a lot more fun that I had originally expected. Because it is a 250 cc, it has quite a bit more oomph compared to the normal, run-of-the-mill 50 cc scooters. It is made for city riding so when I was test riding it I stuck to city roads and highways.

I ride the Kymco Bet and Win in San Francisco and in Main County.

Handles well in city streets and has plenty of power for hills and the freeway. I use it about once or twice a week for commuting from Main County which is just north of the Golden Gate Bridge. There is a major hill (the Waldo Grade) heading past Sausalito and it goes up that hill at 65 MPH or better.
