Kit Davenport Series by Tate James - Goodreads
The story continues in The Tigers Ambush and Kit and the boys discover more about what she is and what they are. The action continues as does the romance and the steam factor gets high. For a fairly new author Tate James is doing an amazing job of telling a rich, multi dimensional story that will suck you in and drag you along for the ride and nowhere along the way are you going to want to get off it.

"One of my favourite reads this year!" -- Jaymin Eve, USA Today Bestselling Author "This is the Reverse Harem book you've been waiting for..." -- Rebecca Royce, Bestselling Author of The Westervelt Wolves "Sly like a fox, Tate James lures you into this Reverse Harem thriller full of twists, turns, and tempting men!" -- A&E Kirk, Bestselling Author of The Divinicus Nex Chronicles I want vengeance so badly that I can almost taste it. It's all I've ever wanted. So, I did what anyone in my unique position would do. I slapped on a secret identity and became an internationally renowned thief, known as The Fox. Nobody knows me. Nobody can catch me. Or so I thought... It turns out: I have what they want. Special abilities. And trust me, these abilities are coveted--and dangerous. Now, I don't know who to trust or where to go. Peril lurks on every corner as I try to uncover my past and origin. Teaming up with unlikely allies may be my only chance at survival or my biggest mistake. Only time will tell. I'm Kit Davenport and this is only the beginning. ** Warning: This book is a Reverse Harem. It also contains violence, sex, bad-language and content which some readers may find triggering. **

My quest for answers is what's led me here. Here, to the edge of civilization where shifters are free from persecution and able to live in peace. Or, at least they were until I arrived. In the aftermath of the trouble I brought, one man holds the answers I seek so desperately. Whether he will part with his secrets, that's another matter. This world is not what I always thought it to be and someone is doing their best to kill us all; when accidents continue to happen I must consider the possibility that someone I love is setting me up. With the fate of the world at stake, I must face the demons of my past or risk being consumed by them. But this time, I'm not alone. I'm Kit Davenport and this is going to leave a mark.

Jerry Thigpen's study on the history of the Combat Talon is the first effort to tell the story of this wonderfully capable machine. This weapons system has performed virtually every imaginable tactical event in the spectrum of conflict and by any measure is the most versatile C-130 derivative ever produced. First modified and sent to Southeast Asia (SEA) in 1966 to replace theater unconventional warfare (UW) assets that were limited in both lift capability and speed the Talon I quickly adapted to theater UW tasking including infiltration and resupply and psychological warfare operations into North Vietnam. After spending four years in SEA and maturing into a highly respected UW weapons system the Joint Chief of Staff (JCS) chose the Combat Talon to lead the night low-level raid on the North Vietnamese prison camp at Son Tay. Despite the outcome of the operation the Talon I cemented its reputation as the weapons system of choice for long-range clandestine operations. In the period following the Vietnam War United States Air Force (USAF) special operations gradually lost its political and financial support which was graphically demonstrated in the failed Desert One mission into Iran. Thanks to congressional supporters like Earl Hutto of Florida and Dan Daniel of Virginia funds for aircraft upgrades and military construction projects materialized to meet the ever-increasing threat to our nation. Under the leadership of such committed hard-driven officers as Brent Urtaro Ferkes Mellier and Thigpen the crew force became the most disciplined in our Air Force. It was capable of penetrating hostile airspace at night in a low-level mountainous environment covertly to execute any number of unconventional warfare missions.

The author traces the boyhood enthusiasm for rockets that eventually led to a career at NASA, describing how he built model rockets in the family garage in West Virginia, inspired by the launch of the Soviet satellite Sputnik. Reprint.

Club 22 is the THIRD in a new Shadow Grove series. Several characters cross over to the Madison Kate series but it is not necessary to read MK's story first. HADES is a contemporary new adult reverse harem series, which means the leading lady has several love interests and never has to choose in order to find her HEA. They say to keep your enemies close and mine are all around me. At the heart of it are four dangerously gorgeous men. The man who wants to light my darkness and already paid the price for loving me. The man who can handle my power and loves every dark inch of me. The man who has been my closest companion and now threatens to upend our carefully balanced world in pursuit of me. But the fourth man is probably the most terrifying. He wants to take the spinal column out of my empire. Destroy my businesses. Destroy me. Why? Because the man who should have stayed dead wants me and he will stop at nothing until he's carved out my bloody, beating heart and left me broken. He should remember who he's dealing with...I'm not the girl he knew anymore. I'm Hades. This time when death comes for him, I'll make sure it sticks. Club 22 is book THREE of FOUR in the Hades series.

Shots rang out in Savannah's grandest mansion in the misty,early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. Midnight in the Garden of Good and Evil is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

She's my last chance. Those four words echo in Violet Spencer's mind, tugging at her curiosity even as rage builds within her Arbon Academy was supposed to be a bright new start. An opportunity for greatness, and something an orphan girl could only dream of. For a while there, it seemed to be exactly that. But Violet's bright future is suddenly looking dim. Arbon Academy and Prince Alex are nothing but a facade. A trap.In a sinister world of ballgowns and backstabbing, of perfumes and politics, of indulgent parties and illegal sword fights, Violet now faces the biggest challenge of all. Recovering her shattered heart from the prince who crushed it. Supported by her new friends, Violet wants to make Alex feel the pain of his betrayal. Prince Rafe wants nothing more than to help make that happen, but things aren't always so straightforward. Don't break tradition.Don't let them know you know. Don't lose your heart...again.These rules will keep Violet alive. But at what cost?

Anarchy is the SECOND in a new Shadow Grove series. Several characters cross over to the Madison Kate series but it is not necessary to read MK's story first. HADES is a contemporary new adult reverse harem series, which means the leading lady has several love interests and never has to choose in order to find her HEA. Five years ago, I made a choice that I haven't regretted a day since. I protected the single most important person in my world, my little sister. I protected myself, and I seized control of the Tri-state Timberwolves. Since then, I've wielded that power with an iron fist. Done whatever it took to take care of my people. Kept us out of the public eye, and kept us safe. Now a ghost from my past is threatening my position. Challenging me. Peddling their poison and breaking my rules. Stabbing at me in the dark. Blowing up my fucking club. But this last attack has taken it one step too far. They have no idea the lengths I'll go to protect what is mine. And Lucas? He's mine. They want anarchy? They haven't seen anything yet. Anarchy is book TWO of FOUR in the Hades series.
